

### **REMARKS**

Various informalities of the claims are addressed herein with the present Amendment After Allowance. In that no claim amendment presented herein alters the scope of any claim, no claim amendment herein will be regarded as a narrowing claim amendment.

Also, various minor informalities in the written description are addressed herein. Regarding the amendments to the written description, the appropriateness of the amendments is clear from the context of the original text and drawings. In some instances, the written description amendments amend the written description for consistency with the drawings. In other instances, minor spelling, grammatical, or typographical errors are addressed.

No amendment presented herein contains new matter.

The present amendment was not presented earlier for the reason that the review yielding the determination that the present amendment would be desirable was not completed until after the close of prosecution.

Accordingly, in view of the above amendments and remarks, applicants believe all of the claims of the present application to be in condition for allowance and respectfully request reconsideration and passage to allowance of the application.

If the Examiner believes that contact with applicants' attorney would be advantageous toward the disposition of this case, the Examiner is herein requested to call applicants' representative at the phone number listed below.

The Commissioner is hereby authorized to charge any additional fees associated with this communication or credit any overpayment to deposit Account No. 50-0289.
